Mrs. B. F. Walter entertained informally on Tuesday evening in honor of Miss Lettie Mae McRoberts attractive guest, Miss Reed of Texas. The beautiful colonial house and grounds were artistically decorated. Frappe was served in the yard, while refreshments were on the upper gallery of the front porch, the lower porch was for dancing. Mrs. Walter has always been known as a charming hostess and never in the history of our town has there been a more delightful social gathering.

No Services Sunday.

Rev. C. C. Brown left Wednesday to attend the meeting of the Transylvania Presbytery at Buck Horn, Ky. The Presbytery will be in session over Sabbath therefore there will be no service at the Presbyterian church Sunday.

A Bad Fall.

On last Sunday morning while on her way to church Mrs. Johnson Price was tripped by a plank on the Richmond street crossing which caused her to fall and hurt herself very badly. She was taken home at once where every attention was given and now she is about well.

Burns-Robinson.

Charley Robinson, of this county, near Buena Vista, was married on Wednesday in the city of Lexington to Miss Mary Burns. The wedding was at 2:30 and was at the home of the bride's parents and quite a swell affair. Harry Tomlinson, of this place, cousin of the groom, acted as best man.

Appointed Stock Inspector.

The Fiscal Court has appointed Mr. A. D. Leavell stock inspector for Garrard County. Mr. Leavell is a stock man of the highest type and the Court could not have made a more popular appointment. His duties are to inspect stock to see that they are in good health. He will be paid according to the number of head of stock that he inspects.

Did you ever hear of \$1.00 shirts for 25 cents. Logan sells them during his sale.

Killed On Train.

John Doty about 27 years of age and a son of Jerry Doty a respectable colored citizen of this place was shot and killed Sunday night while coming from Cincinnati on the L. and N. excursion by a Lincoln County negro named Ophellus Bryant. The shooting occurred just beyond Winchester and Bryant was arrested when the train arrived at Winchester. It is claimed that Doty was not at fault and that Bryant thought he was another fellow. Doty was buried at this place Tuesday afternoon.

Walker-Doty.

Charles J. Doty and Miss Lula Belle Walker were united in marriage at the home of the bride's parents Mr. and Mrs. William Walker in Fayette County on last Wednesday. Rev. J. W. Porter Baptist minister officiating. Jack Doty as he is familiarly known here at his boyhood home is a son of the late Mr. Charles Doty, of Santa Barbara, Cal., is making good in the city of Henderson where he holds a lucrative position with the street railway company. The bride is reported as an unusually attractive young lady and quite popular. The happy young couple left at once for the home of the groom in Henderson.

Good Prices at Sale.

A large crowd of people attended the sale of Mr. Cleveland Rose last week and prices were good. A bunch of brood sows sold at prices ranging from \$35 to \$50 per head and 27 head of 100-pound shoats sold at 12 cents a pound. A team of yearling mules sold for \$350 and another pair at \$335 and mule colts brought from \$75 to \$100. A pair of aged mules sold readily for \$450 and an inferior team at \$365. Cattle brought from \$1.50 to \$5.00 per hundred. Farming implements brought good prices and everything sold readily. Money was plentiful and bidding was spirited. Col. Dunn was in his best spirits and those present declare that he eclipsed all of his past records on the block.

Urged to Run.

The Danville Advocate has the following to say about our efficient County Attorney: "Hon. Joseph Robinson, county attorney of Garrard county, was in the city today. He has many friends here and is always a welcome visitor. Mr. Robinson was asked about the report that he may be in the race for commonwealth's attorney and his reply was that he was very well pleased with his present. He has made a very fine county attorney and it goes without saying that he would be a formidable candidate for the place now held by Hon. Charles A. Hardin. A lot of people think he ought to run for the place."

We agree with the Advocate that he would make a good commonwealth attorney, and if he should decide that he wants the place, he would be a hard man to beat, for he has served us well in his present capacity.

Shot Down and Robbed of Money and Whiskey.

While carrying on his back a sack containing three gallons of whiskey, James Jones, an industrious and respected colored man whose home is in Lancaster was held up by two white men near W. H. Traylor's distillery, in Lincoln county on last Saturday night about nine o'clock, and after shooting Jones through the breast, robbed him of \$10.00 in money and three gallons of whiskey. Jones was brought back to his home in Lancaster after the shooting where he was given medical attention. He is in a very critical condition and little hope is had for his recovery.

Dock Terpin another negro who was near by when the assault was made and witnessed it, after he had sufficiently recovered from the fright stated that he and Jones had gone over to the Traylor distillery to get some whiskey, and while he waited at the vehicle Jones went through a back way to a house near the distillery, and while he was gone Charley Humber and Alvin Thomas came up to his buggy and had a conversation with him. Presently Jones came back toward the buggy the same way that he had gone to get to the house and Humber and Thomas advanced meeting Jones, when near him demanded his goods. Jones treated the request seemingly as a joke, whereupon Humber drew a pistol and fired two shots only one of which took effect, and when Jones had fallen to the ground Thomas proceeded to rob him of his effect. He says the moon was shining brightly and he could see the parties plainly and heard everything that passed between them. After the parties had robbed him they ran away.

County Attorney W. S. Burch, of Lincoln county, came over to Lancaster Monday and placed warrants with Sheriff Ballard for the arrest of Humber and Thomas charging them with the crime, but before the sheriff had time to get out to Hyattsville near where the accused parties live, they had heard of the warrants and skipped out and have not been found at the time we go to press. Humber and Thomas are brothers-in-law and are prominently connected.

LATER—Humber was found Thursday morning by Sheriff Ballard.

Logan believes in patronizing home people so you should in turn patronize him.

Public Speaking.

Hon. Harvey Helm, Democratic nominee for congress, will speak, at the court house in Lancaster next Monday, at 1:30 o'clock P. M. During his two terms he has been true to his party and his constituents. Go and hear him give good reasons for voting against the party of two factions, pre-trial tariff, trusts, the New Nationalism, and all that is truthful to the best interest of the masses.

The Wallace Farm Sale.

Hatches & Sainebrood, the real estate men, report that the sale of the Wallace farm was held on October 15th just as advertised by them, being sold to the highest bidder without bid or limit. The home place with 167 acres was purchased by E. K. Ross at \$100.11 per acre. 34 acres unimproved land by Jas. G. Burnside at \$91.69 per acre. The storehouse and lot at Point Leavell by Noah Spainhower for \$1000.00 and the five acre tract with small dwelling by Dennis Lear for \$600.00. The whole farm of 210 acres averaged \$102 per acre.

Campaign Committee.

Hon. R. H. Tomlinson has been appointed chairman of the Democratic Congressional campaign committee of Garrard county. Under his leadership the campaign will be vigorous and aggressive, and we may expect good results, though the county is republican.

The members of the committee are as follows: Court House precinct, M. D. Hughes; East Park, T. E. Robinson; West Park, Ashby Arnold; West Bryantsville, C. C. Becker; East Bryantsville, John Bryant; Buckeye, Robert Long; Walkers School House, C. S. Ballow; Paint Lick, Robert Arnold; Union, Mr. Conn. Mr. Tomlinson requests the committee to meet at his office, in Lancaster, on Saturday October 29, at 2 o'clock, p. m.

Joy Riders Have Exciting Time.

While returning from Nicholasville Sunday night in his new Auto, Mr. Sam Haselden and family of this city dashed into a large trunk of a tree that had been placed squarely across the turnpike, in front of Mr. Dave Scopes place about four miles from town. The occupants of the machine were considerably shaken up and frightened but were not seriously hurt. Mr. Haselden's new machine, however was considerably damaged. It is reported that this obstruction in the turnpike was placed there by four young men in the neighborhood for the purpose of having some fun, and that they were stationed near by to enjoy the scene when some persons in an automobile should run into the log. The penalty of the law is very heavy for such an act and the proper authorities should see that such offenders are taught that this is not the way to make fun.

Harding Next Judge.

Judge George E. Stone of Boyle county, announced last Monday in Danville that he would not be in the contest for the nomination for Circuit Judge, which leaves Commonwealth's Attorney Chas. A. Hardin, of Harrodsburg, the only candidate before the Democratic party. It is now practically certain that Mr. Hardin will have no opposition for the nomination. So acceptable have been the services of Mr. Hardin as Commonwealth's Attorney to the people of the district that they are glad to promote him to the more responsible position of Circuit Judge. Mr. Hardin is a learned lawyer, fair and impartial in his official conduct and he possesses a true conception of the official dignity necessary to make a successful Circuit Judge. That he is well fitted in every way for the high honor he seeks we verily believe and wish that he may realize his ambition without further political struggle.

Ideal Way.

Mr. E. P. Faulconer of Danville, has purchased a farm on Manatee river, near Tampa, Florida and will at once leave for the land of flowers and erect a handsome home upon his new possessions. In November his family will join him and they will spend six months there. The other six months they will spend upon their Blue grass farm in the Faulconer section. In a conversation with a reporter, Mr. Faulconer says such a plan of living is nearest the ideal as it is possible to attain. This way has been perfected by the modern methods of travel. The trip over the Queen & Crescent Route through the picturesque Kentucky-Tennessee mountains, the peach orchards of Georgia and the Orange groves of Florida embraces one of the most charming journeys in the union. To board the train in the Blue grass on a zero day and land a few hours later in the land of perpetual summertime is as the realization of a happy dream. The Queen & Crescent Route is now making very attractive winter tourist rates to all Florida points and the indications are favorable for a very large southbound passenger traffic this season. Vestibuled pullman coaches will be carried direct from Cincinnati to Jacksonville and New Orleans.
